Dear Bob:	
In line with our telephone conversation, I am enclosing herewith a copy of a book and eight pamphlets or papers written by Clara J. Fonti on the subject of her cancer research. Your office had previously expressed an interest in seeing this material at the time we received a latter from a Mr. Molensar who wrote from New Jersey. Apparently he communicated with Dr. Fonti through one Dr. Mary Voorneman, who resides in The Hague.	
Dr. Fonti delivered this material to the U. S. Consulate in Milan and it was in turn forwarded to us from there. She apparently also left with the Consulate copies of the same material to be forwarded to President Eisenhower and Attorney General Rosens.	
General Rogers. At the same time she sent a note to Mr. Allen Dulles saying that she had delivered these materials which contained all of her published formulas and findings. She also stated that she is at the complete disposal of the physicians attending Secretary Dulles.

I am also enclosing the original end translation of the other letter I mentioned to you from M. Paul Girard dealing with his 25 years of self-study in cosmobiology.

I would appreciate any suggestions you might have as to appropriate replies to Dr. Fonti and M. Paul Girard.

Sincerely,

Assistant to the Director
